LOGESHWARAN T

Data Analyst

OBJECTIVE

In search of an opportunity to gain new experience and improve my skills and contribute to the growth of the company.

EDUCATION

- Training completed **DATA ANALYST** in Besant Technologies Velachery Chennai 2023
- K.S.Rangasamy college of Arts And Science, Tiruchengode Bsc (Computer Science) 2023 6.8CGPA
- Gove Boys Higher Secondary School Mecheri HSC -TN StateBoard 50%
- Gove Boys Higher Secondary School Mecheri SSLC -TN StateBoard 68%

PROJECTS

Title : Rohit Sharm All Cricket Centuries Data Set Analyzing

Link : <https://github.com/logeshlokii45/logeshlokii45>

Utilized a Kaggle dataset from Rohit sharma all cricket centuries to conduct comprehensive data analysis, cleaning, and visualization using Python, leveraging the power of Pandas, Matplotlib, and Seaborn. The experience enhanced proficiency in data manipulation and visualization, showcasing a practical application of analytical skills.

Title : Date of birth analysing by datetime module

Link : <https://github.com/logeshlokii45/logeshlokii45>

Developed a Python script utilizing the datetime module to determine the day of the week based on a provided date of birth. Implemented calculations to extract and display the individual components of the duration lived, including years, months, days, hours, minutes, and seconds. This project showcases proficiency in Python programming and data manipulation for time-related calculations.

CERTIFICATE

- With Proficiency Certificate in PYTHON , MYSQL , POWER BI MICROSOFT EXCEL.
